

# INTEGRATION MODELS AND CAPABILITIES

WE DESIGN INTEGRATIONS VIA INDUSTRY-STANDARD MODELS,  
OUR DEDICATED TEAM DOES THE HEAVY LIFTING

## INTEGRATION MODELS

---

Cerner offers extensive integration for all vendors. Patientco has proven re-usable Cerner integrations built to Cerner standards, and we support all common integration models.

## INTEGRATE WITH THIRD PARTY INTERFACES INCLUDING ESTIMATORS, VIA:

---

- Embeddable Software & APIs (preferred)
- Single sign-on

## BEHIND-THE-SCENES DATA EXCHANGE FUELS AUTOMATION & REPORTING CAPABILITIES VIA:

---

- APIs (preferred)
- Batch
- HL7

## PROVEN INTEGRATIONS AT SCALE

---

- Dedicated team powers integrations
- 20 years of integration and engineering experience
- FHIR, JSON and XML standards supported

## IN 2018, PATIENTCO:

---

Processed hundreds of millions in payments using embeddable UIs and APIs for over 500,000 unique patient accounts and thousands of staff users

## REUSABLE BACK-END INTEGRATIONS SPEED GO-LIVES WITH MINIMAL IT EFFORT, SUPPORTING:

---

- Guarantor-level accounts
- Encounter-level accounts
- Estimation/POS payments
- Payment plans
